

## Lead Me To The Cross

### Verse 1:

Walking down the street one day I felt the urge to stop and pray  
When I saw an old man sitting by himself  
A look of sadness on his face he was filled with pain and such disgrace  
So I walked down to the bench and took a seat  
He told me how just one bad choice can cost you everything  
But before I left the bench that day we prayed  
And found what grace really means

### Chorus:

Lead me to the cross so my gains won't count as loss  
Remind me of those stripes you took and how you paid that awful cost  
Lead me to the cross where the truth outweighs the false  
Help me reach out a helping hand and show forgiveness to the lost  
Oh Lord won't you lead me to the cross

### Verse 2:

Just like that old man that day we have a choice that we must make  
To live a life of hope or pure regret  
Our future's just a day ahead so make the best of what you get  
And help someone that's other than yourself  
Be a light to those around you 'cause you never know who sees  
Let the light of God shine through you everyday  
Be the hope that someone needs

### Chorus:

Lead me to the cross so my gains won't count as loss  
Remind me of those stripes you took and how you paid that awful cost  
Lead me to the cross where the truth outweighs the false  
Help me reach out a helping hand and show forgiveness to the lost  
Oh Lord won't you lead me to the cross

### Bridge:

Help me reach out to those in need  
With a voice of love and harmony

### Chorus:

Lead me to the cross so my gains won't count as loss  
Remind me of those stripes you took and how you paid that awful cost  
Lead me to the cross where the truth outweighs the false  
Help me reach out a helping hand and show forgiveness to the lost  
Oh Lord won't you lead me to the cross
