

## Singing With The King

### Verse 1

He was brave and courageous, Served his country well, Had medals of honor, Yet saw things he'd never tell, He carried pictures of his little girl, Wherever he would go, Loved his children and his family, More than they'll ever know

### Chorus

He lived a life that didn't last too long, But everyone he knew was touched by his song, Though he made his mistakes, He found God forgave, And the witness he became, Made others wanna change, Now he's looking down in love, With the Lord above, Saying don't you cry for me, 'Cause I'm singing with the king

### Verse 2

Circumstances overwhelmed him, Yet he always stayed so strong, And he'd tell you life's too short, But eternity's too long, For the Lord's prepared a place for us, If we'll only just believe, So be a man like he became, And be the best that you can be

### Chorus

He lived a life that didn't last too long, But everyone he knew was touched by his song, Though he made his mistakes, He found God forgave, And the witness he became, Made others wanna change, Now he's looking down in love, With the Lord above, Saying don't you cry for me, 'Cause I'm singing with the king
