

Still Faithful

Verse 1

If I have to bare this pain, And walk out in the rain, To be in your perfect will for my life, I'm willing to make a sacrifice, 'Cause Lord you're all that matters to me, Even when the roads so long you see, My heart crying for peace, You rescue me in times of need, When my world is crashing down, And there's no hope to be found

Chorus

Lord you're still faithful, Time and again, When my heart is burdened, Even then, Lord you're still faithful, And when there's nothing to see, And I just have to believe, That you are working, Behind the scenes, Lord you're still faithful, Still faithful to me

Bridge

And if I have to give up, what's important to me, I'll let it go knowing, that I'll see, Your will for me, Unfolding

Chorus

Lord you're still faithful, Time and again, When my heart is burdened, Even then, Lord you're still faithful, And when there's nothing to see, And I just have to believe, That you are working, Behind the scenes, Lord you're still faithful, Still faithful to me
